Description du produit

The Rough-Stuff Fellowship Archive volume 2.

A second volume of photos and stories from the archive of the oldest off-road cycling club in the world. The original members of the RSF, founded in 1955, were the godfathers and godmothers of off-road cycling as we know it today - mountain bikes, gravel and bikepacking all follow in their tyre tracks.

Since we published the first book, more that 25,000 new and unseen slides have come into the archive, dating from the 1920s to the 21st century. Volume 2 will have more photographers, more photos, more stories- and more bikes where bikes don't normally go!
